

The Program

Arizona Medical Training Institute's Cardiographic Technician programs provides an advanced form of EKG Technician training. In addition to learning how to monitor EKG machines and interpret EKG/ECG readouts, the curriculum includes training in Holter monitoring and stress testing. This 60 hour course begins with 12 hours of eLearning combined with 48 classroom hours taught over 3 consecutive weekends or 3 weeks in the evening.

Upon successful completion of the course students will receive a Certification as a Cardiographic Technician. Students desiring to become a National Certified Cardiographic Technician (CCT) can take the test, if qualified, offered by the Cardiovascular Credentialing International Registry (CCI). AMTI's program has been approved by the Arizona State Board for Private Postsecondary Education as well as CCI, the premier international credentialing organization for the Cardiovascular Technology professions.

“AMTI was a great school! Wonderful staff, and my instructor was great. Learned so much, and now feel confident in the field.”

Student Focused Training in Healthcare

Certified Cardiographic Technicians are allied health professionals who are trained to perform various diagnostic procedures as directed by a physician. The results of these procedures are used in the evaluation, diagnosis, and treatment of patients suffering from cardiac diseases. Cardiographic Technicians are also sometimes referred to as Cardiology or Cardiac Technicians, as well as EKG/ECG Technicians.

Hands-on Classroom Training

As a Cardiographic Technician learn how to efficiently perform rhythm and 12 lead EKG testing, and evaluate and interpret the electrocardiograms. Also covers Holter Monitoring, stress testing, plus cardiovascular anatomy and physiology.

Achieve National Certification through the Cardiovascular Credentialing International Registry

Certified Cardiographic Technician

60 hour course

3 Week Evening: M - Th, 5 PM - 9 PM

3 Weekend: Sat & Sun, 8 AM - 4:30 PM

National Certification

Take the CCI National Certification exam to become a CCT (Certified Cardiographic Technician)

Affordable \$800 Tuition

Includes all textbooks and lab materials.

Tuition Payment Options

Pay the tuition in full at the time of registration, or utilize a 2-payment plan approach
