

## **FOR IMMEDIATE RELEASE**

Lifework Education Announces new Certified Nursing Assistant Training Program in North Scottsdale in Partnership with Arizona Medical Training Institute and Santé.

SCOTTSDALE, AZ – March 28, 2023 – Lifework Education, a leading provider of healthcare education, is excited to announce the launch of a new Certified Nursing Assistant (CNA) Training Program in North Scottsdale. This program is made possible through a strategic partnership with Arizona Medical Training Institute (AMTI) and Santé, a renowned provider of healthcare services. The program has been approved by the Arizona Board of Nursing, ensuring the highest quality of training and education for aspiring CNAs.

With the increasing demand for skilled healthcare professionals, this new CNA training program will help address the workforce needs of the healthcare industry while providing valuable career opportunities for individuals interested in pursuing a career in nursing. The North Scottsdale classroom will host groups of up to 10 students for didactic and skill instruction, ensuring an intimate learning environment that allows for personalized attention and guidance.

Students enrolled in the program will complete their clinical hours at the Santé of North Scottsdale Skilled Nursing facility, an exceptional healthcare center that offers a diverse range of services to patients, including rehabilitation, skilled nursing, and long-term care. This hands-on experience will provide students with a unique opportunity to gain real-world insights into the daily operations and patient care responsibilities of a Certified Nursing Assistant.

"We are thrilled to partner with Santé to offer this comprehensive CNA training program," said Frank Swiger, CEO of Lifework Education. "Our goal is to provide students with the skills and knowledge they need to succeed in the healthcare industry, and this partnership will enable us to deliver on that promise."

The new CNA training program is designed to prepare students for the Arizona State Board of Nursing CNA examination and equip them with the essential skills to excel in their chosen profession. The curriculum includes modules on patient care, safety, infection control, communication, and documentation, as well as a focus on the legal and ethical aspects of healthcare.

"The partnership between Lifework Education and Santé is a testament to our shared commitment to excellence in healthcare education and training," said Clint Adair, Director of Arizona Medical Training Institute. "We look forward to working together to provide students with the resources and support they need to succeed in starting a new career in healthcare and meet the growing demand for caring compassionate CNAs in the workforce."

Enrollment for the Certified Nursing Assistant Training Program at the North Scottsdale campus is now open. For more information or to register for the program, please visit [www.azmti.com](http://www.azmti.com) or call (480) 835-7679.
